

Tamburro Interiors, LLC established in 2008 by Claire E. Tamburro, ASID, LEED AP, ID + C, is a full service Interior Design firm specializing in the development of singular concepts for the Retail, Food Service, and Hospitality industries as well as Residential Interior Design with a strong focus on Sustainability.

With more than 29 years of experience in the Interior Design, Retail, and Food Service industries, Ms. Tamburro brings a unique perspective to each project with both Front-of-House and Back-of-House experience having worked as a Hospitality and Residential Interior Designer, Director of Design, Educator, Store Manager, Showroom Assistant, Sales Associate, Server, and Hostess to better serve her clients. Ms. Tamburro brings exceptional insight into understanding what makes a restaurant, store, or hotel guest-friendly, aesthetically pleasing, yet cost effective to build. As a LEED Accredited Professional, her extensive knowledge of and passion for Sustainable Interior Design and business practices are a valuable asset to her clients.

Ms. Tamburro's residential clients appreciate her ability to provide comprehensive design schemes that enhance their personal taste, creating spaces that are polished, livable, and are easy to maintain.
